

WEB-BASED COURSES

PEDIATRIC INTENSIVE CARE

THE CLINICAL PRACTICUM

The clinical practicum is a triad relationship between you, the teacher-facilitator, and your preceptor. You are expected to set-up your own clinical practicum experience. The 112 clinical practicum hours are scheduled between the preceptor and you working around both of your personal and work schedules. If you are an RN taking the course for continuing education, you must hold a valid RN license in the state of the practice site. Your preceptor for the practicum is responsible for communicating with you throughout the clinical practicum. Each preceptor must agree to facilitate the clinical experience for the designated timeframe. The teacher-facilitator for the course is responsible for communicating with you and your preceptor throughout the course.

Your clinical experience will provide you with the opportunity to experience the care of the following types of patients with these selected health problems:

- Psychosocial
- Respiratory
- Cardiovascular
- Comfort
- Gastrointestinal
- Renal/Endocrine
- Hematology/Immunology
- Neurology
- Multi-systems
-

RESPONSIBILITIES

✓	ITEM	COMPLETION DEADLINE
1.	Practicum site selection. When selecting clinical sites for your experience, the following criteria should be kept in mind: <ul style="list-style-type: none"> ▪ Availability of preceptors with a minimum of 3 years of experience and preferably with at least a baccalaureate degree. ▪ A written contract between the clinical site and IU School of Nursing (This is up to the hospital. Sometimes it is not needed). ▪ A critical care unit where the patient selection of critical care health problems are available in order for you to meet the course competencies. ▪ All sites are subject to approval of IU School of Nursing, The Office of Lifelong Learning and the online teacher facilitator. ▪ For additional help, e-mail censg@iupui.edu 	4-6 months prior to the beginning of the course.
2.	Find a preceptor willing to work with you for 112 hours on the selected skills.	4-6 months prior to the beginning of the course.
